SOLID CONSTRUCTION

The Pelican™ Protector Case™ Brand Case uses an open cell core and solid wall construction, which is actually stronger and lighter than a solid core wall. Travel light with heavy protection.

DOUBLE-THROW LATCHES

Double-Throw latches are smarter and easier to open: it's the classic 'C' clamp design with a secondary movement that works like a pry bar to start the release and offers plenty of leverage to open with a light pull.

WATERTIGHT

The secret is the tongue-and-groove fit with a polymer o-ring acting as a waterproof seal. Also, our Automatic Pressure Equalization Valve releases built-up air pressure while keeping water molecules out, resulting in a watertight case that is easy to open.

EASY RIDING

Stainless steel ball bearing wheels (on select cases) last longer and ride smoother. The nylon hub adjacent to the stainless steel resists heat resulting in less wear and tear on the polyurethane tire.

TESTED

The Pelican™ Case design is the result of multiple generations of refinement. This evolution is proven through submergence and other lab tests.

SMALL CASES

Lightweight, but extremely strong; compact, yet fully capable. Perfect for valuable gear like hand tools and small to medium electronic components, hand-held GPS systems, and DSLR cameras. All small cases are available empty or with pre-scored Pick N Pluck™ foam.

PELICAN™ AIR CASE SERIES

UP TO 40% LIGHTER THAN OTHER POLYMER CASES

Our lightest case with the protection you need.

THE SCIENCE OF LIGHTNESS

Molded from the next generation of Pelican's lightweight HPX™ resin, a proprietary formula that rebounds without breaking, the honeycomb structural elements are actually stronger than solid polymer material.

PRESS & PULL™ LATCHES

All Pelican Air models now feature Press & Pull latches, making it easier to securely lock and open your case with a light touch.

WATERTIGHT

The secret is the tongue-and-groove fit with a polymer o-ring acting as a waterproof seal. Also, our Automatic Pressure Equalization Valve releases built-up air pressure while keeping water molecules out, resulting in a watertight case that is easy to open.

EASY RIDING

Stainless steel ball bearing wheels (on select cases) last longer and ride smoother. The nylon hub adjacent to the stainless steel resists heat resulting in less wear and tear on the polyurethane tire.

TESTED

The Pelican™ Air Case design is the result of multiple generations of refinement. This evolution is proven through submergence and other lab tests.

PELICAN™ AIR CASE COLORS AVAILABLE

BLACK SILVER YELLOW ORANGE

PELICAN™ AIR TRAVEL CASE COLORS AVAILABLE

BLACK CHARCOAL OXBLOOD INDIGO

*Not available in all case sizes.

INJECTION MOLDED CASES (EXCLUDES VAULT BY PELICAN) - LIMITED LIFETIME WARRANTY

Pelican Products, Inc. ("Pelican") guarantees its injection molded products for a lifetime against breakage or defects in workmanship. Pelican™ injection molded cases are guaranteed to be watertight to a depth of 3.3 feet (1 meter) for 30 minutes (IP 67) if properly closed with undamaged o-ring in place unless otherwise stated. To the extent permitted by law, Pelican's liability is limited to the case and not its contents or foam. Pelican will either repair or replace any broken or defective product, at our sole option.

All warranty claims of any nature are barred if the product has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident.

In Australia visit www.pelican.com/support/warranty/.

For complete warranty details visit www.pelican.com/support/warranty/.

Lifetime Warranty does not cover Vault by Pelican, Cargo mounts or Roto Molded cases. Refer to www.pelican.com/support/warranty/ for full details.
